Clowry, superintendent carriers and delivery; K. J. Blattner, superintendent of distribution. Accountant, cashier, money order, registry, stamp and stamp envelope department on second floor. Entrance to postmaster's room from Monroe street.  
**OFFICE HOURS.**—For delivery of letters and sale of stamps, from April 1st to November 1st, from 7.30 a.m. to 7.30 p.m. On Sundays, from 8.31 to 1.00 p.m. Postmaster's room open from 9 a.m. to 5.00 p.m. Accountant, cashier, superintendent of stamps and stamped envelope department, from 9 a.m. to 5 p.m. Money order and registered letter department, from 9 a.m. to 6 p.m. Revenue stamps of all denominations for sale at the cashier's office.  
**RAILWAY POST OFFICES.**—Railway post offices are established on all Western lines from Chicago (excepting the Milwaukee railway). These offices run upon morning trains, and letters may be

mailed at the cars up to the last moment prior to the departure of the trains. Stamps of the denominations of two, three, and ten cents may be had at the cars.

**MONEY ORDER DEPARTMENT.**—Special attention is called to the money order system, as a safe and cheap method of transmitting small sums through the mails. Orders are issued in sums not more than \$50. Larger amounts can be transmitted to the same person, at the same time, by additional orders. Rates—On orders not exceeding \$20, 10 cents; on orders over \$20 and up to \$50, 25 cents. The money order office will be open from 9 a. m. to 6 p. m.

**REGISTRY DEPARTMENT.**—Letters can be registered to all parts of the United States upon payment of a fee of 15 cents, in addition to the regular postage.  
**POSTAL RULES.**—Many errors occur by persons not observing the following regulations in depositing letters, papers or miscellaneous publications, in the office for mailing:

All drop letters must be prepaid by postage stamps. Pre-payment by stamps required on all letters to places within the United States. Letters addressed to initials and fictitious persons and firms, under the regulation of the post office department, are not deliverable. Full pre-payment, by stamps, required on all transcient printed matter, foreign and domestic. By inserting the country in which the office is located, upon all letters, many errors in superscription might be detected, and mistakes in mailing be avoided. Persons calling for letters, other than for themselves, must present a written order therefor. Samples of flour, tea, coffee, sugar, tobacco and packages containing poisons, oils, explosive chemicals, liquids, or anything calculated to injure or endanger the safety of the mails will not be received. Valuable letters should in all cases be registered; and when money is designed to be transmitted, a postal money order (to secure safety in transmission), should be obtained when practicable. Persons presenting drafts drawn by the post office department upon the postmaster of this city, will be required to identify themselves before payment is made. Cashiers of banks and agents of express companies, holding post office drafts for collection will please leave their official signatures with the cashier of this office, to enable him to verify their indorsements and save delay. The public are requested to inform the postmaster of any inattention to their duties on the part of the carriers or the clerks in the office. Employees of this office, while on duty, cannot be seen except on official business.

**THE FOLLOWING CLASSES OF LETTERS ARE NOT ADVERTISED.**—Drop letters, unless a three cent postage stamp is affixed. Box letters, Letters directed and sent to hotels, and thence returned to the post office as unclaimed, being for strangers. Letters, circulars, free packets, containing printed documents, speeches, and other printed matter.

**STAMPED ENVELOPES.**—The attention of the public is called to the advantages of using stamped envelopes rather than postage stamps. Daily numbers of letters are dropped in the post office without prepayment, with revenue stamps and stamps cut from stamped envelopes affixed, which are held for postage; whereas by the use of stamped envelopes, these letters would go forward without delay. Persons purchasing stamped envelopes of any denomination, in quantities of 500 and upwards, may have their business card and request to return in a specified time printed thereon, not to exceed four lines, free of charge.

**CITY DELIVERY.**—Free delivery of letters by faithful carriers will be secured by having the letters addressed to the street and number. Persons calling for mail at the carriers' department of this office on Sundays or Holydays, will please give the number of the carrier for the district, and the name of the applicant or firm inquired for. Head letters with the names of the writers, post office and state, street and number, sign them with full name, and request that answers be di-

rected accordingly. Parties now owning boxes can receive their mail at their places of business or residence by leaving an order in the postmaster's room. The advantages of the free delivery system cannot be too highly estimated. It is more regular, more secure and more convenient than the box system. Many letters pass through the mails, reach this city, and are deposited in the boxes, because of divided responsibility, fail to reach the firm or family addressed.

The carriers are under bonds for an honest discharge of their duties. If the business community could be induced to cease sending boys to the post office for their mail matter, and accept the means provided by the department for a safe delivery of letters, through responsible carriers, a great evil would be corrected, and many losses (now occurring) prevented.

The public are requested to adopt the house door letter boxes, the use of which will result in greatly increasing rapidly in the delivery of letters.

It is hoped that those householders who have not hitherto provided letter boxes will not object to doing so, as by that means, at a very moderate expense, they can promote the convenience both of themselves and their neighbors, and at the same time render an important aid to the public service.

N. B.—A request for the return of a letter to the writer if unclaimed within thirty days or less, written or printed, with the writer's name, post office and state across the left hand side of the envelope, on the face side, will be complied with. Letters bearing such indorsements will be returned to the writer free of postage.

# STREET AND AVENUE GUIDE.

## EXPLANATION.

Chicago is divided into Three Divisions—the North, South and West Sides, and known by the following abbreviations: N. D., S. D., W. D.

### NUMBERING OF THE HOUSES.

In the South Division all streets running north and south are numbered from north to south; and all streets running east and west are numbered from east to west.  
 In the North Division all streets running from south to north are numbered from south to north; and all streets (except Rees and Gardner) running east and west are numbered from west to east. The streets in this Division which are continuations of the same streets in the South Division, are called North and are denoted by the prefix N., as Clark, in the South Division, and North Clark in the North Division.  
 In the West Division, Randolph is made the dividing line, as far as Union Park; west of that, Park avenue divides north from south, and all streets running north and south are numbered from that line, as Clinton running south is numbered from north to south, and N. Clinton running north is numbered from south to north. All streets running east and west are numbered from east to west.

CLERKS:

**L. R. OWINGS,  
GEO. A. P. KELSEY,**

**WESLEY OWINGS,  
JAS. H. OWINGS.**

This well-known and popular Hotel, the pride of St. Louis, is located in the centre of the business portion of the Mound City, near the wholesale houses and convenient to all the Railroad ticket offices, Telegraph office and opposite the Court House; the Theatres, Concert Halls and other fashionable places of amusement are in the vicinity. Omnibusses and carriages are always found at the Railroad Depots and Steamboat landings to carry guests to and from the Hotel. Be sure and state that you are going to the Laclede. Capt. Malin, late of the Memphis Packet Co., steamer City of Cairo, and for ten years Captain of the Keokuk Packet Co's., popular boats, will always be found around the Hotel with his cheerful countenance to give the weary traveler a welcome reception; and with such a gentlemanly corps of accomodating clerks as the Owings Boys, and Kelsey, the reputation of the Laclede will never grow less.—(EDITOR.)

# CHICAGO REAL ESTATE AGENCY

—OF—  
**S. H. KERFOOT & CO.**

Established Eighteen Years.

We have, since 1852, been uninterruptedly engaged in the  
**GENERAL REAL ESTATE AGENCY AND BROKERAGE**  
IN THE GROWING CITY OF  
**CHICAGO, ILLINOIS.**

We manage Estates and pay Taxes in ILLINOIS, WISCONSIN, IOWA, MINNESOTA, and the Northwest generally. We buy and sell Real Estate for residents and non-residents. We have, at our own expense, compiled a most complete ATLAS OF CHICAGO, showing all sub-divisions of Lots and Blocks, the size and locations of the same, and giving every information regarding Chicago Real Estate which an Atlas can be made to give. Our Office Real Estate Bulletin always shows a choice and desirable

**List of Lots, Blocks, Lands, River Fronts, Manufacturing and Business Property always for sale.**

To Capitalists seeking investments we offer every inducement to consult our Office, and we pledge ourselves to do our very best to protect their interest.

## The unparalleled Growth of Chicago.

The unquestionable reality of her increase in COMMERCE, MANUFACTURES, RAILROADS, GRAIN TRADE, LUMBER BUSINESS, and all lines of traffics makes the growth certain to continue. The CONTINUANCE of the GROWTH OF CHICAGO, even at a moderate and healthy pace, makes

**Chicago Real Estate Investments better than any  
Stocks, or Bond and Mortgage.**

We do NOT advise buying and selling. We counsel permanent investments. These, when judiciously made, always pay when held for a few years.

We invite correspondence and inquiry, personally or by letter, and will promptly give the information asked.

**Our Senior Partner is the President of the Chicago  
Board of Real Estate Brokers, and its Rules  
govern our Office.**

# THE Mt. AUBURN YOUNG LADIES' INSTITUTE, Cincinnati, Ohio.

Claims Public Attention and Patronage

On account of the following superior advantages: —

**FIRST—ITS LOCATION.**—Situating upon Mt. Auburn, it is within the city limits, only a half-hour's drive, or walk, distant from any of the Depots, and within easy call of the Telegraph Office, Post Office and Stores. At the same time being nearly five hundred feet above the River, it suffers nothing from the annoyances of the city, and has all the advantages of the quiet and pure air of the country. It is surrounded by some of the most beautiful suburban residences, of which Cincinnati can boast. No location could be healthier and more delightful.

**SECOND—ITS EXTENDED AND COMPREHENSIVE COURSE OF STUDY.**—The course of study runs through three departments of four years each. Pupils of all ages can therefore be received. The classical schedule bears comparison with that of colleges for young men. Special studies may be pursued as far as the student may wish. The very best instruction given in Vocal and Instrumental Music, Drawing and Painting, French, German and other extras. As thorough and polished an education guaranteed as can be gained at the very best schools in the East.

**THIRD—THE QUALITY OF THE INSTRUCTION.**—No instructors are employed who have not had long and successful experience in teaching. Instead of young misses, gentlemen of thorough collegiate training are secured, by the payment of large salaries for the higher studies. The corps of Teachers consists of five gentlemen and ten ladies. The best apparatus is furnished for every department. Lectures upon Scientific and Literary subjects frequently given.

**FOURTH—ITS HOME ATTRACTIONS.**—The Building used by the Boarding Department is almost new. Every room heated with steam and lit by gas, well furnished, carpeted, and made attractive. Large parlors, one of them 50 by 49 feet, devoted to the use of the school. Boarding of the very first quality. Discipline mild and firm.

Terms, \$400 per annum, or \$200 per session of five months. This charge is made to secure the realization of the above advantages. It is the aim of the proprietors to furnish the West with, not a low priced, but a first class school of the highest grade in instruction in society, in domestic comforts and convenience. Guaranteeing the finest and most thorough training as well as the most abundant provisions of Home Comforts, they ask a sufficient sum to make their promises good. It is believed that the public will see that in education, as in everything else, it is cheaper to secure the best article even at an advance in price.

For further information we beg leave to refer to our patrons and our catalogue.

THE  
STEAM AND WATER

Heating and Ventilating Apparatus,

AS CONSTRUCTED BY

A. L. WINNE & CO.,

114 Dearborn Street, CHICAGO,

Has stood the test of the past eight winters, and has been brought to such a state of perfection, that it can be confidently recommended to all who desire to have the PURE out-of-door AIR brought into their apartments, (whether in dwelling houses or public buildings,) warmed sufficiently for the coldest weather, without being injured by contact with over-heated surfaces.

We have the testimony of competent and experienced men as to the superiority of our Apparatus, in its simplicity and economy of operation; in its great durability; in its superior ventilation and equality of heat; in its entire freedom from gas and all unpleasant qualities, which makes it most acceptable to invalids; in its freedom from the liability of having the heat thrown back from parts of the house by the variations of the current of air outside, as we avoid the use of long, horizontal air pipes; in its uniformity and great flexibility, meeting the requirements of mild weather by its hot water surface without steam, and of the coldest weather by the two combined.

The entire Apparatus is located in the basement or cellar, where fresh, pure air from outside is warmed, and thence conveyed into the different apartments.

Houses already warmed by hot-air furnaces can be adapted to the use of our Steam Apparatus.

Circulars with detailed description of Apparatus and giving Testimonials from those who are using it, may be had at our Office.

From the multitude of Letters, commendatory of our Apparatus, we have only room here for a few Extracts.

From Rev. Dr. EVERTS, Pastor 1st Baptist Church,  
CHICAGO, June, 1867.

A. L. WINNE & Co., Gents: \* \* \* The experience of two winters, satisfies me of the wisdom of our committee in adopting your method of heating and ventilation. I look upon it as a great desideratum in churches for the health, comfort, and attention of the congregation, in the effect it produces in its soft, warm, and pure atmosphere. \* \* \* W. W. EVERTS, Pastor 1st Bap. Ch.

\* \* \* It has given me unqualified satisfaction in every respect, and is not equaled by any heater that I have ever examined, in these two most important points—quality of air, and abundant and direct ventilation.

E. B. McCAGG.

\* \* \* In fact, it is the perfection of heat and ventilation. \* \* \* No one will regret the expense of procuring the Apparatus when he experiences the comfort and economy which it ensures.

PERRY H. SMITH.

From SISTERS OF MERCY, St. Xavier's Academy,  
Wabash Ave., CHICAGO, July, 1867.

Messrs. A. L. WINNE & Co., Gents: We have now had your Apparatus in use two winters, and are most happy to say that it fully meets our high expectations, supplying an abundance of heat, equally diffused throughout the entire building in the severest weather, with an atmosphere at once delightful and pure. \*

\* \* \* I was satisfied by a careful examination that your Apparatus embodied the correct principles for warming and ventilating, and so adopted it for use in my house in place of a Hot Air Furnace, with a result that is very gratifying.

\* \* \* I regard it the most complete and economical mode of heating in use.

WM. BROSS.

\* \* \* The system is correct, and its results are far more comfortable and conducive to health than any heating apparatus I have ever seen.

E. G. HALL.

\* \* \* I consider it the most healthy and best mode of heating a house. The atmosphere is pure and free from dust and gases.

ALFRED COWLES.

I regard your Apparatus as durable in construction, and recommend it for its cleanliness and economy. I look upon your mode of heating as a great luxury.

FREDERICK TUTTLE.

After using your Heating Apparatus in my dwelling for three winters, I am fully prepared to testify to its efficiency and merits.

S. J. SURDAM.

Having now thoroughly tested your Steam Heating Apparatus through three winters, I cheerfully testify to its merits. The house has been well warmed throughout. I find it also economical of fuel, using only about eight (8) tons of hard coal through the season.

N. S. BOUTON.

From J. W. BULKLEY, City Supt. of Public Schools  
BROOKLYN, N. Y.

During the last ten years we have used a variety of apparatus in heating our school houses, but none gave satisfactory results, until the introduction within the last three years of your Union Steam and Water Heating Apparatus. \* In the quality of air, the amount of heat, the ventilation secured, its adaptability to public school buildings, its freedom from danger in use, and easy management, your Apparatus is superior to any other that has come under our observation.

J. W. BULKLEY, Supt. Public Schools.

# EDWARDS' DIRECTORIES.

The Standard and Official Directories of the South and West.

*From the Chicago Evening Journal.*

As Edward's Directories have been pronounced the best EVER PUBLISHED IN CHICAGO, and as they have been THOROUGHLY TESTED BY ALL CLASSES OF CITIZENS, we can fully rely upon the forthcoming work as being in every particular correct and reliable.

*Resolution of the City Council of Indianapolis.*

BE IT RESOLVED, That the CITY COUNCIL of Indianapolis, feeling the want, and knowing the value of such a work to their fellow-citizens, and appreciating the enterprise of Mr. Edwards in issuing the Indianapolis Directory for the last few years in a manner creditable to the city and himself, and that we recommend our citizens to give their support to Edwards' Directory, thus securing the annual publication of a standard work.

JOHN CAVEN, Mayor.

CYRUS S. BUTTERFIELD, City Clerk.

*From the Chicago Daily Tribune.*

Edwards' Directory combines all the qualities needed in a work of this kind, and has the entire confidence of the business men of all classes. The highest testimonials have been bestowed upon it. It has been pronounced "unsurpassed for beauty and correctness;" "THE STANDARD BOOK OF THE CITY;" "an indispensable requisite to every business office;" "highly appreciated by the business community and travelers generally;" "an institution in the West, and its annual visit always welcome," &c., &c.

*From the St. Louis Daily Times.*

Mr. Edwards is emphatically a pioneer in this branch of business, and is a faithful representative of St. Louis enterprise. He commenced the publication of Directories for this city many years ago, after all had failed in previous attempts, and has continued the issue under all circumstances every year since. Not long after his advent here, he commenced the publication of Directories for Louisville, Indianapolis and Milwaukee. Next he tackled Chicago, where he had to encounter a strong opposition for three years, finally coming out victorious. He also publishes Directories for Memphis, Mobile and New Orleans. As a Directory publisher, "no pent-up Utica contracts his powers," but wherever he sees a point, in common parlance, he "makes for it," and where others would be months in issuing a like work, he accomplishes the task in the same number of weeks, complete and reliable. Our Merchants' Exchange have taken the right view of the value of a City Directory to our people, as well as to strangers, and have passed the following complimentary resolution in regard to it:

*Merchants' Exchange Resolution.*

WHEREAS, THE MERCHANTS, MANUFACTURERS AND BUSINESS MEN of St. Louis regard the publication of an annual Directory of our city a great convenience and a business necessity, and that our fellow citizen, Mr. Richard Edwards, has for many years issued such a work as has shown from time to time our growth and the greatness of St. Louis; be it

RESOLVED, That the Union Merchants' Exchange of St. Louis appreciate the enterprise and public spirit of Mr. Edwards, in permanently establishing a standard annual Directory of the city, and that we recommend our fellow citizens to give him such annual encouragement, by subscription and otherwise, as will enable him to issue such a Directory as will be justly entitled the Model Directory of the West, and that the Secretary be instructed to forward a copy of the Directory, with the compliments of the President and Directors of the Exchange, to the various Exchange Rooms and Board of Trade Rooms of large cities of the country.

GEO. H. MORGAN, Secretary.

Hundreds of such notices and resolutions have been given to EDWARD'S DIRECTORIES in the various Cities of the South and West.
