We keep in stock the genuine

### GERMAN METAL WREATHS.

They are perfect wreaths of natural flowers. Can be placed on a grave and will not be affected by the weather. Work erected in any cemetery or in any part of the United States. No extra charge for delivering work to any of the city cemeteries loads go every day.

### AS TO PRICES.

All our work comes direct from the quarries or manufacturers, and there is no middleman's profit or agent's expenses to be added to the cost of your stone.

If unable to call through the week, telephone us—Monroe-1110—or drop us a postal card, and we will meet you on Sunday at any time.

The Colonel Thompson monument in Oakwood cemetery, 57 feet high, the second largest monument in Chicago, and the Munson monument, 35 feet high, in Rose Hill, a out of which we show herewith, were erected by us and we can point with pride to many other pieces of work in every cemetery in the city which have gone out from our stock.

AN INSPECTION IS INVITED.
