## Don't Keep in a Rut.

SHADES are hung from the top because nothing better has been offered. Once try a Knapp Shade Adjuster, which permits light and air from top of window, and you will have no use for old methods. It holds any shade roller—the one you have. Raised or lowered instantly. Stops automatically. Shades can be removed easily and are always clean. Ornamental, durable, easy to put up. Write us about it this evening.

DAILY

SUNDAY (DER WESTEN) WEEKLY

FOUNDED in 1848, it has achieved a reputation second to none, and has the largest circulation of any German newspaper in the West. Possessing the confidence and patronage of the public for fifty years, it has earned its well-merited reputation of being the leading German newspaper west of New York.

The Daily Morning Edition 2 cents per copy, with its far-reaching influence, is of undoubted value to advertisers.

The Weekly Edition

The Sunday Edition

5 cents per copy, \$2.00 per year, with a circulation all over the United States and in foreign countries, offers, with its highly popular Agricultural Supplement, unparalleled opportunities for shrewd advertisers.

(Der Westen) 5 cents per copy, compares favorably with the best English Sunday papers, and the large advertising patronage bestowed on it gives proof of its value to advertisers.
